

MENTORING FOR ESD-LEADERSHIP PROGRAMME 2019

Project: Training of Teachers Workbook: For 17 Sustainable Development Goals

Project Responsible

Kimberley A. Colaco

Target Group

Teachers (rural areas),
Students (age 12-15)

Duration of Project

February 2019 – ongoing

Current Status

Implementation phase

Adressed SDG

OBJECTIVES

- Designing a workbook on each of the 17 SDGs.
- Implementing a workshop for teachers for capacity building on ESD and SDGs.
- To help teachers implement activities in their classrooms through pre- and post-tests.
- Students will be assessed through qualitative and quantitative analysis.

MAIN ACTIVITIES

- Performed pilot test of the activities in four different schools.
- Pre- and post-test conducted for school students.
- Pilot survey of teachers on awareness of sustainable development.
- Use of resource material provided.
- One workshop on capacity building of teachers on ESD.

(PEDAGOGICAL) APPROACH

- Activity based learning
- Pre- and post-evaluation for each activity

CAPACITY BUILDING

How many people are reached?

Directly:
25 teachers

Indirectly:
122 students

What is the most important change you achieve through building capacity?

Influencing the teaching methodology through teachers.
